

eden community food bank

For Immediate Release

Mississauga, Ontario, January 10, 2010 - Eden Community Food Bank has been awarded a \$2,000 grant from Mazon Canada to help support our fresh food program during the winter months. Eden Community Food Bank has made a commitment to its clients to encourage healthy eating. We provide fresh fruit, produce and milk to every family. During the summer months, this produce is generously donated by the Square One farmers market but during the winter we must purchase it. With this grant from Mazon Canada, we'll have the necessary funds to continue providing healthy food to our clients throughout the winter months. Thank you "Mazon Canada, A Jewish Response to Hunger"

About Mazon Canada

MAZON Canada is the national Jewish Response to Hunger. MAZON Canada raises funds primarily from within the Jewish community and distributes those funds, on a non-denominational basis, to Canadian organizations battling hunger on the front lines. Based on the tradition of "tikkun olam" (healing the world), our organization strives to link public awareness about the issue of poverty and hunger with the mitzvah (obligation) of tzedakah (justice/charity).

About Eden Community Food Bank

Eden Community Food Bank is a non-denominational, charitable organization, working to eliminate hunger through food distribution to qualified individuals and families living in selected areas of Mississauga, as well as providing education and advocacy services to our clients and the general public.

We make all efforts to provide healthy, balanced food choices and to the extent possible based on constraints of product availability, provide choices that meet various cultural and dietary requirements. We also strive to provide basic need items, like personal care and hygiene products.
